1. To calculate your 'relevant' income, start with your gross income and subtract £2,125 for each dependent child **other than the assisted place holder.**
2. An element of capital will be included. Please ask for further advice.
3. In the full scales, there are additional intermediate stages so that fees are calculated to the nearest £3.
4. The fees per child will, of course, never be greater than the published full fees.
